WHO WE ARE

A *boutique* by choice. Senior-led.
Deeply analytical. Execution
focused.

About Us

Our work spans infrastructure, energy, climate, agribusiness, financial services, technology, and public-private partnerships across Africa. Datapoolwaters Advisory is a boutique investment, infrastructure, and strategic financial advisory firm operating across Nigeria and Africa.

We partner with governments, regulators, investors, and growth-oriented enterprises on complex, high-impact transactions that shape markets, unlock capital, and deliver long-term value. Our work sits at the intersection of capital, policy, infrastructure, and sustainability.

We combine deep financial expertise with engineering, regulatory, and institutional insight to deliver advisory solutions that are bankable, implementable, and resilient under scrutiny. Datapoolwaters is particularly known for its work on institutional capital raises, public-private partnerships (PPPs), concessioned infrastructure, energy transition projects, and climate and circular economy platforms.

OUR APPROACH

We are *outcome-driven*. Our philosophy is built on four pillars.

01

Institutional Credibility

Advice that stands up to government, DFI, investor, and regulatory review.

02

Financial Rigor

Robust financial, investment, and risk modelling at project and portfolio level.

03

Implementation Realism

Structuring solutions that can be executed, financed, and sustained.

04

Impact Orientation

Aligning commercial returns with socio-economic and environmental outcomes.

Our most effective partnerships begin with strategy and design and extend through business cases, financial models, transaction structuring, fundraising, and implementation support.

OUR VALUES

What we stand for.

Integrity

We act with transparency, independence, and fiduciary discipline.

Excellence

We apply rigorous financial thinking to complex challenges.

Impact

We design solutions that create long-term economic and social value.

Partnership

We work alongside our clients — aligned, accountable, and outcome-focused.

Africa-Focused. Globally Standard.

 Made with Emergent

Global standards applied with a deep understanding of African markets.

THE TEAM

Led by seniors. Staffed by the *best brains* in advisory.

We keep a low public profile — by design. Our partners have shaped billion-dollar transactions across African and global markets, and our bench is drawn from ex-DFI, private equity, development finance, and top-tier advisory backgrounds.

The work speaks first. Names are introduced at the table.

Decades

Combined senior partner experience across African and global markets.

DFI · PE · Big Four

Pedigree our bench is drawn from — before they came to build here.

\$200bn+

14+

Capital considered, modelled, or structured across our engagements.

Consequential mandates across infrastructure, energy, climate, and capital.

WHO YOU'LL MEET

Senior practitioners who've sat on both sides of the table — as advisors, investors, policymakers, and operators — before choosing to build here.

Serious engagements begin with a conversation. If you are a government, institution, or founder exploring a meaningful mandate, we'll introduce the right partners directly.

REQUEST AN INTRODUCTION

JOIN US

Rigorous thinkers welcome. Loud résumés, not so much.

We recruit quietly and selectively — analysts, sector specialists, and senior practitioners motivated by long-term impact over visibility. If you would rather be known for the work than the masthead, we would love to hear from you.

WHAT WE DO

We build *bankable* institutions and mobilize capital for sustainable development.

We combine deep financial expertise, infrastructure advisory, and impact-driven strategy — delivering solutions that stand up to investor, lender, and regulatory scrutiny.

01

Advisory & Consulting

Complex structuring, PPP advisory, business cases, regulatory-aligned financial modelling.

02

Capital & Fundraising Advisory

Equity raises, capital structuring, institutional investment alignment.

03

Platforms, Innovation & Institutional Partnerships

Market-shaping initiatives, national systems, structural reform.

Advisory & Consulting

We work with governments, founders, boards, and investors on complex, high-stakes decisions that shape capital allocation, infrastructure delivery, and long-term value creation. Our advisory work combines rigorous financial modelling, strategic clarity, regulatory awareness, and real-world execution experience across infrastructure, energy, climate, agriculture, financial services, and technology. We do not stop at strategy. Our work is designed to be bankable, defensible, and implementation-ready — standing up to investor, lender, and regulatory scrutiny.

✓ Strategic & Corporate Finance Advisory

We support leadership teams and boards in making capital-informed decisions that drive sustainable growth. Our work includes corporate strategy development, capital allocation planning, expansion modelling, restructuring analysis, and scenario-based decision frameworks. We ensure strategy is financially coherent, risk-adjusted, and executable — not theoretical.

✓ Public-Private Partnership (PPP) & Concession Advisory

We structure infrastructure and public service projects to attract private capital while safeguarding public interest. Our PPP advisory spans project identification, structuring frameworks, risk allocation design, concession modelling, bankability testing, and alignment with ICRC and regulatory requirements.

✓ Business Cases & Transaction Modelling

We develop Outline Business Cases (OBCs), Full Business Cases (FBCs), and integrated financial models for complex projects — incorporating demand forecasting, multi-scenario stress testing, tariff modelling, fiscal sustainability analysis, and long-term revenue projections.

✓ Policy & Institutional Advisory

We support governments and public institutions in designing policy-enabled markets — regulatory framework design, pricing and tariff advisory, institutional reform, and financial sustainability analysis for public services.

DISTRIBUTED RENEWABLE ENERGY · VC / CLIMATE CAPITAL

Arnergy – Scaling Clean Energy Access in Nigeria

Series A · ~\$9m

WHAT WE DID

The mandate.

Served as end-to-end transaction and investment advisor on Arnergy's \$9 million Series A raise. Our mandate covered investment readiness assessment, financial model refinement, valuation analysis, investor targeting strategy, data room preparation, due diligence coordination, and negotiation support with global climate-

 Made with Emergent

including Breakthrough Energy Ventures, All On, ElectriFI, and Norfund. We worked closely with management to align capital structure, governance, and growth projections with institutional investor expectations.

BUSINESS OUTCOME

Measurable results.

- ✓ Successfully mobilized growth capital from leading global climate funds
- ✓ Strengthened balance sheet to support nationwide expansion
- ✓ Institutionalized financial reporting and investor governance processes
- ✓ Expanded distributed solar portfolio beyond 6.5MW serving commercial clients

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Displaced diesel generation across SMEs and institutions
- ✓ Avoided an estimated 8,500+ tonnes of CO₂e annually
- ✓ Improved energy reliability for healthcare facilities, schools, agro-processors, and financial institutions
- ✓ Advanced Nigeria's off-grid renewable energy transition

AgroEknor – Growth Capital & Export Market Expansion

Growth Equity · ~\$1m

WHAT WE DID

The mandate.

Advised AgroEknor International on a \$1 million institutional growth investment from Aruwa Capital Management. Our role included financial modelling, investment structuring, investor negotiations, commercial due diligence coordination, and transaction

execution support. We strengthened working capital strategy, export pricing models, and supply chain economics to align with institutional investment criteria.

BUSINESS OUTCOME

Measurable results.

- ✓ Expanded export footprint into Asia, Europe, and North America
- ✓ Secured global hygiene and food safety certifications
- ✓ Upgraded processing and digital traceability systems
- ✓ Strengthened export financing capacity

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Increased foreign exchange earnings from non-oil exports
- ✓ Empowered 3,000+ women and smallholder farmers
- ✓ Embedded gender-lens investment principles
- ✓ Strengthened rural value chains and agricultural formalization

AGRIBUSINESS · SCALE & RESILIENCE

AgroEknor – Follow-On Investment for Scale & Resilience

Follow-On · ~\$0.7m

WHAT WE DID

The mandate.

Served as ongoing investment advisor and due diligence partner for follow-on financing to support capacity expansion, infrastructure completion, and supply chain resilience. We updated financial projections, supported investor engagement, stress-tested export demand assumptions, and structured expansion capital allocation.

BUSINESS OUTCOME

Measurable results.

- ✓ Expanded production capacity to meet 8,000+ ton export order book
- ✓ Delivered critical infrastructure including fumigation chambers
- ✓ Diversified product mix and improved gross margins
- ✓ Strengthened export reliability and logistics efficiency

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Improved farmer productivity through FEEP
- ✓ Increased income stability for smallholder farmers
- ✓ Enhanced climate-smart agricultural practices
- ✓ Strengthened export-led inclusive growth

TRANSPORT INFRASTRUCTURE · PPP · ~\$200BN

Nigeria High-Speed Rail Network

4,000km · Six geopolitical zones

WHAT WE DID

The mandate.

Delivered Outline Business Case (OBC), investment modelling, and financial structuring advisory to the De-Sadel Consortium for Nigeria's proposed 4,000km high-speed rail network spanning all six geopolitical zones. Our work included demand modelling validation, capital expenditure structuring, multi-scenario fiscal stress

modelling, long-term revenue forecasts, and socio-economic cost-benefit analysis aligned with ICRC requirements.

BUSINESS OUTCOME

Measurable results.

- ✓ Secured OBC approval and Letter of No Objection from ICRC
- ✓ Demonstrated fiscal sustainability and private capital viability
- ✓ Structured one of Africa's largest proposed transport PPP frameworks

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Catalyses national integration and trade efficiency
- ✓ Reduces logistics costs and travel time
- ✓ Stimulates long-term productivity and regional development
- ✓ Positions Nigeria for transformational infrastructure-led growth

WHAT WE DID

The mandate.

Led the development of the Outline and Full Business Case, built the financial model, and supported transaction structuring for the concession of Nigeria's Toll Central Clearing House to Equinox Group. We developed toll harmonisation economics, revenue sharing frameworks, tariff modelling, and concession bankability analysis.

BUSINESS OUTCOME

Measurable results.

- ✓ Established centralized toll revenue platform
- ✓ Enhanced transparency and predictability of road asset revenues
- ✓ Strengthened investor confidence in federal road monetization

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Supports long-term maintenance of federal highways
- ✓ Mobilizes private capital for infrastructure upgrades
- ✓ Enhances fiscal sustainability of transport infrastructure

WHAT WE DID

The mandate.

Built the PPP financial model for digital modernization of Citizenship and Business services including expatriate quotas, business permits, citizenship applications, and compliance systems. Structured revenue-backed concession framework and automation cost-benefit analysis.

BUSINESS OUTCOME

Measurable results.

- ✓ Structured viable private-sector participation model
- ✓ Improved processing timelines and digital integration
- ✓ Strengthened revenue assurance mechanisms

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Improved ease of doing business in Nigeria
- ✓ Strengthened regulatory transparency
- ✓ Enhanced public sector efficiency and governance

RENEWABLE ENERGY · CONCESSION ADVISORY

Zungeru Hydroelectric Power Plant

700MW · Mainstream Energy Solutions

WHAT WE DID

The mandate.

Provided financial modelling, concession structuring, and tariff advisory to ICRC and multiple MDAs for concession to Mainstream Energy Solutions Limited. Structured long-term revenue and pricing framework aligned with regulatory guidelines.

BUSINESS OUTCOME

Measurable results.

- ✓ Supported successful concession of major hydropower asset
- ✓ Strengthened investor confidence in large-scale power PPPs

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Increased renewable generation capacity
- ✓ Enhanced grid stability
- ✓ Reduced fossil fuel dependence

ENERGY & FLOOD CONTROL · INFRASTRUCTURE FINANCE

Dasin Hausa Hydropower Project

300MW · Run-of-river hydro

WHAT WE DID

The mandate.

Developed financial model supporting ICRC evaluation of 300MW run-of-river hydro asset, integrating flood mitigation infrastructure, dam economics, transmission integration, and long-term power revenue modelling.

BUSINESS OUTCOME

Measurable results.

- ✓ Structured large-scale renewable concession framework
- ✓ Integrated environmental mitigation economics into PPP design

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Reduced recurring flood risks across multiple states
- ✓ Expanded clean energy generation
- ✓ Strengthened climate resilience and grid capacity

MARITIME SECURITY · OFFSHORE INFRASTRUCTURE

Secure Offshore Area (SOA) – Lagos

PPP concession · Lagos offshore hub

WHAT WE DID

The mandate.

Built financial model and PPP structure for secure offshore anchorage facility supporting STS operations. The Secure Offshore Area (SOA) project aims to establish a state-of-the-art offshore facility in Lagos State, Nigeria, to support Ship-to-Ship (STS) transfer operations and provide a secure anchorage zone for vessels. This

 Made with Emergent

developed through a Public-Private Partnership (PPP) model, leveraging private sector expertise and investment alongside government support to create a world-class maritime hub.

BUSINESS OUTCOME

Measurable results.

- ✓ Structured commercially viable maritime security infrastructure
- ✓ Enabled private capital participation

STRATEGIC & SUSTAINABLE IMPACT

Long-term value.

- ✓ Enhanced offshore vessel security
- ✓ Strengthened Nigeria's logistics infrastructure

DATAPOOLWATERS ACADEMY

Building Africa's next generation of *finance, infrastructure & impact* leaders.

Datapoolwaters Academy is our applied capacity-building platform — translating real-world advisory experience into practical, market-relevant training. We equip professionals, institutions, and leaders with the technical depth and decision-making confidence required to finance, structure, and govern complex projects across Africa.

FOCUS AREAS

What we teach.

Financial Modelling & Investment Analysis

Project finance, PPP modelling, valuation, capital structuring, and investor-ready financial frameworks.

Corporate Finance & PPP Frameworks

Business cases, concession structuring, risk allocation, fiscal sustainability, and regulatory alignment.

Sustainable & Climate Finance

ESG integration, carbon revenue modelling, blended finance, and impact measurement.

Finance for Non-Finance Leaders

Financial literacy, capital budgeting, cashflow strategy, and governance essentials.

Institutional Capacity Building

Custom programs for governments, DFIs, and corporates to strengthen internal technical capability.

Delivered through executive workshops, technical bootcamps, fellowships, and bespoke institutional programs.

Because sustainable markets require more than capital — they require capability.

JOIN OUR NEXT COHORT

Learn from practitioners. Apply it where it matters.

DATAPOOLOWATERS CAPITAL

COMING SOON

Early-stage capital for *scalable, market-creating* solutions.

Datapoolwaters Capital is our proposed early-stage investment vehicle, focused on backing businesses and platforms that address structural gaps in African markets. Informed by deep advisory exposure across infrastructure, energy, agriculture, finance, and public systems, Datapoolwaters Capital is designed to support ventures that combine commercial viability with systemic impact.

INVESTMENT THESIS

We prioritise.

- 01 Strong fundamentals and disciplined execution
- 02 Clear pathways to scale and institutional relevance
- 03 Alignment with sustainability, inclusion, and resilience objectives

Datapoolwaters Capital will operate selectively, leveraging our advisory insight, networks, and operating support to help portfolio companies mature into institutional-grade businesses. This platform is currently in development and will be launched subject to all relevant regulatory approvals.

Interested in being among the first to hear when we launch?

OUR INNOVATION

Tools built for the *complexity* of frontier markets.

AI-powered financial operating system for frontier markets.

Bruno.AI is an intelligent financial operating system designed for businesses operating across complex, multi-entity, and cross-border environments.

Built for frontier and emerging markets, Bruno.AI transforms finance from manual record-keeping into real-time, decision-grade intelligence — combining automation, machine learning, and structured financial architecture.

It enhances finance teams rather than replacing them — improving accuracy, accelerating reporting, and strengthening governance.

CORE CAPABILITIES

Automated Transaction Processing

Smart classification, reconciliation, anomaly detection, and audit-ready documentation.

Real-Time Financial Reporting

AI-assisted analysis, performance insights, and dynamic management dashboards.

Multi-Entity & Multi-Currency Support

Seamless consolidation across subsidiaries, jurisdictions, and FX exposures.

Compliance-Ready Infrastructure

Built-in financial controls aligned with regulatory, investor, and audit requirements.

WHY BRUNO.AI

Frontier markets demand resilient financial systems. Bruno.AI provides the intelligence, control, and scalability required to grow confidently — while maintaining transparency and institutional credibility.

AI-augmented ESG monitoring & reporting.

EcoBruit is an AI-augmented platform designed to help organizations measure, monitor, and report ESG performance with credibility, consistency, and decision-usefulness.

As sustainability expectations increase — from regulators, investors, DFIs, and stakeholders — EcoBruit addresses the gap between impact ambition and verifiable data. The platform enables organizations to move beyond narrative ESG reporting toward data-driven sustainability management.

KEY FOCUS AREAS

- ESG data collection, validation, and tracking
- Climate, environmental, and social performance indicators
- Impact reporting aligned with global standards
- Decision dashboards for management and investors

Built for enterprises, infrastructure projects, financial institutions, and public sector programs seeking to embed ESG into core strategy, governance, and capital allocation.

Because credible impact requires systems — not spreadsheets.

Want to see our platforms in action?

Unlocking Success: Navigating the Terrain of Consulting Success Fees

CONSULTING

INVESTMENT ADVISORY

SUCCESS FEE

Consulting is a dynamic field where seasoned professionals provide their intellectual expertise to guide businesses toward growth, transformation, and prosperity. As consultants, we understand the intricate balance between risk and reward, especially when it comes to success fees. For those just embarking on their consulting journey, let's delve into the nuances of success fees and how to navigate them effectively.

Defining Success Fees: The Intellectual Equity Game

 Made with Emergent

At the heart of consulting success fees lies the notion of intellectual equity. This entails consultants injecting their intellectual property into projects with the potential for significant value creation. The beauty of success fees is that they embody a head-or-tail outcome: consultants are rewarded only if their efforts result in success. In contrast, the business owners enjoy the perpetual value created and the incremental upside it generates.

Embracing Compensation for Risk and Value

Success fees, due to their one-off nature and the inherent risk involved, must be commensurate with the consultant's intellectual property and the degree of risk undertaken. Consultants assume the gamble of not receiving a reward if the endeavor doesn't yield success. To balance this equation, success fees must stand as a testament to the value consultants bring to the table and the gamble they undertake.

Confidence is Key: Setting the Right Success Fee

In the world of consulting, doubt is the adversary of success. Setting your success fee rate or amount requires a strong conviction that success will be achieved. This confidence stems from your expertise and the rigorous analysis of the potential outcomes. Your success fee should reflect your unwavering belief in delivering results.

Documentation: Safeguarding Agreements and Success

In the realm of consulting, documentation is your armor. Success fee agreements must be meticulously detailed and defined, with a crucial focus on the meaning of success itself. This documentation extends to clauses that indemnify the consultant, ensuring payment even if success is thwarted by the client's negligence. The robustness of your agreement safeguards your intellectual equity.

Objectivity over Sentimentality

While relationships hold immense value in the consulting realm, it's essential to maintain objectivity when setting success fees. The allure of sentimentality should not cloud your judgment.

compromise the value of your intellectual property and the risk you undertake. Striking the right balance between a fair success fee and preserving professional relationships is paramount.

In conclusion, success fees encapsulate the intricate dance between intellectual equity, risk, and reward. As consultants, we hold the power to transform businesses and industries through our expertise. Setting the right success fee is a testament to the value we bring and the risks we navigate. With robust documentation and unwavering confidence, we ensure that success not only thrives in the present but yields perpetual value for years to come. The journey of consulting is one that intertwines strategy, intellect, and outcome. As you navigate the exciting world of success fees, remember that the road to success is paved with your dedication, expertise, and the value you bring to every engagement.

Have a transaction or institution in mind? Let's discuss.

GOVERNANCE & POLICIES

Governance, Ethics & Compliance Statement

• LAST REVIEWED • DECEMBER 2025

Datapoolwaters Advisory Limited (“Datapoolwaters”) is a boutique investment and strategic financial advisory firm committed to the highest standards of governance, integrity, transparency, and professional conduct across all its operations. Operating across Nigeria and other African jurisdictions, Datapoolwaters aligns its practices with the expectations of Development Finance Institutions (DFIs), public sector counterparties, PPP authorities, institutional investors, and regulators.

Our Governance Framework

Datapoolwaters maintains a governance framework designed to ensure:

- Responsible decision-making
- Ethical conduct
- Regulatory compliance
- Accountability to clients, partners, and stakeholders

Our governance framework is supported by clearly defined policies, leadership oversight, and internal controls appropriate to the nature and scale of our operations.

Ethics & Professional Conduct

We conduct our business in accordance with a Code of Ethics & Professional Conduct that requires all directors, employees, consultants, and representatives to uphold:

- Integrity, objectivity, and independence
- Professional competence and due care
- Confidentiality and responsible information handling
- Fair dealing and respect in all engagements

Conflicts of interest must be disclosed and managed transparently. Bribery, corruption, facilitation payments, and unethical practices are strictly prohibited.

Anti-Corruption & Integrity

Datapoolwaters maintains zero tolerance for bribery and corruption in any form. We comply with applicable anti-corruption laws and adhere to international best practices expected by DFIs and public sector institutions. Our controls include:

- Ethical engagement with public officials
- Clear prohibitions on improper payments or inducements
- Contractual integrity and transparency

Whistleblowing & Accountability

Datapoolwaters encourages the reporting of suspected misconduct, unethical behaviour, or legal breaches through a Whistleblowing Policy that:

- Provides confidential reporting channels
- Allows disclosures without fear of retaliation
- Ensures impartial investigation and corrective action

All reports are handled discreetly and in good faith.

Human Rights, Anti-Trafficking & Labour Standards

Datapoolwaters is committed to respecting human rights and preventing:

- Human trafficking
- Forced labour
- Modern slavery

Our Anti-Trafficking & Modern Slavery Policy aligns with Nigerian law, international labour standards, and global best practices. We expect equivalent standards from our partners, contractors, and suppliers.

Data Protection & Privacy

We respect the privacy and personal data of our stakeholders and comply with:

- Nigeria Data Protection Act (NDPA) 2023
- Nigeria Data Protection Regulation (NDPR)
- GDPR (where applicable)

Personal data is processed lawfully, securely, and transparently, in line with our Privacy Policy.

Compliance with Laws & PPP Standards

Datapoolwaters complies with all applicable:

- Nigerian and local laws
- Regulatory requirements
- Public procurement and PPP governance frameworks

Where standards differ across jurisdictions, we apply the higher standard of compliance and ethical conduct.

Continuous Improvement

Our governance, ethics, and compliance framework is reviewed periodically to ensure continued alignment with:

- Regulatory developments
- DFI and investor expectations
- Evolving best practices

Our Commitment

Datapoolwaters Advisory Limited is committed to conducting its business responsibly, ethically, and transparently — contributing to sustainable economic development, institutional trust, and long-term value creation across Africa.

GOVERNANCE & POLICIES

Privacy Policy

Datapoolwaters Advisory Limited — Privacy Policy

• LAST REVIEWED · DECEMBER 2025

1. Introduction

Datapoolwaters Advisory Limited (“Datapoolwaters”, “we”, “our”, or “us”) is committed to respecting your privacy and safeguarding the personal information and data entrusted to us in the course of our operations. This Privacy Policy explains how, why, and on what legal basis we collect, use, store, disclose, and protect personal data. It also informs individuals (“you”, “your”, or “data subjects”) of their rights in relation to their personal data.

This Policy applies to personal data:

- Provided directly by individuals
- Obtained through professional, contractual, or business relationships
- Collected through our website, digital platforms, events, and communications
- Lawfully obtained from public or third-party sources

Datapoolwaters Advisory Limited is a private company incorporated in Nigeria and operates across multiple African jurisdictions.

2. Applicable Laws and Regulatory Framework

This Privacy Policy is designed to comply with, and be interpreted in accordance with, the following data protection laws and principles:

- Nigeria Data Protection Act (NDPA) 2023
- Nigeria Data Protection Regulation (NDPR)
- General Data Protection Regulation (GDPR) of the European Union, where applicable
- Applicable data protection and privacy laws in other African jurisdictions where Datapoolwaters operates
- International best practices on data protection and confidentiality

Where there is a conflict between laws, Datapoolwaters applies the higher standard of data protection.

3. Definition of Personal Data

For the purposes of this Policy, personal data refers to any information relating to an identified or identifiable living individual, either directly or indirectly, including but not limited to names, contact details, professional information, and online identifiers.

4. Personal Data We Collect

We collect only personal data that is reasonably necessary for legitimate business purposes. This may include:

- Full name, title, and gender
- Contact details (email address, telephone number, physical address)
- Professional information (occupation, employer, qualifications, CVs, references)
- Information submitted via our website, contact forms, or digital platforms
- Information shared through professional or public platforms (e.g. LinkedIn)
- Contractual, transactional, and engagement history
- Event, training, and Datapoolwaters Academy participation details
- Communications exchanged with Datapoolwaters personnel

Where permitted by law, we may collect limited sensitive personal data (e.g. regulatory disclosures) strictly on a need-to-know basis and with appropriate safeguards.

5. How We Collect Personal Data

Personal data may be collected through:

- Direct communications (email, meetings, phone calls, correspondence)
- Website enquiries, forms, and subscriptions
- Advisory engagements, proposals, and contracts
- Conferences, workshops, training programs, and events
- Publicly available professional or regulatory sources
- Third parties where legally permitted (e.g. clients, partners, regulators)

We endeavor to collect personal data directly from individuals wherever reasonable and practicable.

6. Legal Basis for Processing Personal Data

Datapoolwaters processes personal data on one or more of the following lawful bases:

- Consent of the data subject
- Contractual necessity, where processing is required to perform a contract
- Legal or regulatory obligations
- Legitimate business interests, provided these do not override the rights and freedoms of the data subject

You may withdraw consent at any time, subject to legal or contractual limitations.

7. Use of Personal Data

We use personal data for the following purposes:

- Providing advisory, investment, training, and related professional services

- Assessing suitability for engagements, partnerships, or service delivery
- Preparing and submitting documents to clients or counterparties
- Communicating insights, publications, events, and updates
- Compliance with applicable laws, regulations, and professional obligations
- Internal governance, risk management, and record keeping

Personal data is not used for purposes incompatible with those outlined above.

8. Sharing and Disclosure of Personal Data

Datapoolwaters does not sell personal data to third parties. We may share personal data only where legally permitted and necessary, including with:

- Clients and counterparties for service delivery
- Professional advisers (lawyers, auditors, accountants)
- Sub-contractors and service providers bound by confidentiality obligations
- Regulators, courts, or law enforcement agencies where required by law

Where personal data is transferred across borders, Datapoolwaters ensures appropriate safeguards are in place, including contractual protections consistent with applicable data protection laws.

9. Data Retention

We retain personal data only for as long as reasonably necessary, taking into account:

- Legal and regulatory retention requirements
- Duration of contractual or advisory engagements
- Legitimate business needs

Personal data may be securely deleted, anonymized, or archived once no longer required.

10. Data Security

Datapoolwaters implements appropriate technical and organizational measures to protect personal data against unauthorized access, loss, misuse, alteration, or disclosure. Access to personal data is restricted to authorized personnel on a need-to-know basis.

11. Rights of Data Subjects

Subject to applicable laws, data subjects have the right to:

- Access personal data held about them
- Request correction of inaccurate or incomplete data
- Object to or restrict processing of personal data
- Request erasure where legally permissible
- Withdraw consent where processing is consent-based
- Data portability, where applicable

Requests may require identity verification and will be addressed within legally prescribed timelines.

12. Cookies and Website Analytics

Our website may use cookies and analytics tools to enhance functionality and user experience. These tools collect anonymized information and do not identify individuals without consent. Users may control cookie preferences through their browser settings.

13. Data Breaches

In the event of a personal data breach, Datapoolwaters will respond in accordance with applicable legal and regulatory requirements, including notification to affected individuals and regulators where required.

14. Images and Media

Datapoolwaters may use images or media from events or engagements to illustrate our work. We seek consent where practicable. Individuals may request removal of their likeness by contacting us.

15. Updates to This Policy

This Privacy Policy may be updated periodically to reflect changes in law or business practices. The most current version will always be available on our website.

16. Contact Information

Terms of Service

Datapoolwaters Advisory Limited — Terms of Service

• LAST REVIEWED · DECEMBER 2025

1. Introduction and Acceptance of Terms

Welcome to www.datapoolwaters.com (the “Website”). This Website is owned and operated by Datapoolwaters Advisory Limited (“Datapoolwaters”, “we”, “our”, or “us”). By accessing, browsing, or using this Website, you acknowledge that you have read, understood, and agreed to be bound by these Terms of Service (“Terms”). If you do not agree with these Terms, you must discontinue use of the Website immediately. These Terms apply to all visitors, users, and others who access the Website.

2. Nature and Purpose of the Website

The Website is provided for general informational purposes only. It describes Datapoolwaters' business, services, thought leadership, insights, and publications. Nothing on this Website constitutes:

- Financial advice
- Investment advice
- Legal advice
- Tax advice
- An offer, solicitation, or recommendation

Any professional services by Datapoolwaters are provided only pursuant to a formal written agreement executed by the parties.

3. Eligibility and Use by Minors

The Website is intended for use by individuals aged 18 years and above. Datapoolwaters does not knowingly collect personal information from minors. If you are under 18, you may use this Website only with the consent and supervision of a parent or legal guardian.

4. Intellectual Property Rights

All content on this Website, including but not limited to:

- Text, reports, articles, and publications
- Logos, trademarks, and branding
- Graphics, images, and design elements
- Templates, tools, and downloadable materials

is the property of Datapoolwaters or its licensors and is protected under applicable copyright, trademark, and intellectual property laws. You may view, download, and print content for personal, non-commercial use only. You may not copy, reproduce, distribute, publish, or modify content; use content for commercial purposes; or create derivative works without prior written consent from Datapoolwaters.

5. Permitted and Prohibited Use

You agree to use the Website only for lawful purposes and in a manner consistent with these Terms. You must not:

- Use the Website in violation of any applicable laws or regulations
- Attempt to gain unauthorized access to systems or data
- Introduce malware, viruses, or harmful code
- Misrepresent your affiliation with Datapoolwaters

- Interfere with the Website's security or operation

Datapoolwaters reserves the right to restrict or terminate access for any misuse.

6. Third-Party Links and Content

The Website may contain links to third-party websites or resources. These are provided solely for convenience. Datapoolwaters:

- Does not control third-party websites
- Is not responsible for their content, policies, or practices
- Does not endorse any third-party products or services

Access to third-party sites is at your own risk.

7. Electronic Communications

By using this Website or communicating with Datapoolwaters electronically, you consent to receive communications electronically, including notices, disclosures, and updates, which satisfy legal requirements for written communication.

8. Disclaimer of Warranties

The Website and all content are provided “as is” and “as available”. To the maximum extent permitted by law, Datapoolwaters:

- Makes no warranties regarding accuracy, completeness, or reliability
- Does not guarantee uninterrupted or error-free operation
- Disclaims all implied warranties, including fitness for a particular purpose

9. Limitation of Liability

To the fullest extent permitted by applicable law, Datapoolwaters shall not be liable for any:

- Direct, indirect, incidental, or consequential damages
- Loss of profits, data, or business opportunity arising out of or related to your use of, or inability to use, the Website.

Your sole remedy for dissatisfaction with the Website is to discontinue use.

10. Indemnification

You agree to indemnify and hold harmless Datapoolwaters, its directors, officers, employees, and agents from any claims, liabilities, damages, or expenses arising from:

- Your misuse of the Website
- Violation of these Terms
- Violation of any applicable laws or third-party rights

11. Suspension and Termination

Datapoolwaters reserves the right, at its sole discretion, to suspend or terminate access to the Website at any time, without notice, for conduct that violates these Terms or is otherwise harmful.

12. Governing Law and Jurisdiction

These Terms shall be governed by and construed in accordance with the laws of the Federal Republic of Nigeria. Any dispute arising from or relating to these Terms or the Website shall be subject to the exclusive jurisdiction of the courts of Lagos State, Nigeria.

13. Severability

If any provision of these Terms is found to be invalid or unenforceable, the remaining provisions shall continue in full force and effect.

14. Entire Agreement

These Terms constitute the entire agreement between you and Datapoolwaters regarding use of the Website and supersede any prior communications or understandings relating to the Website.

15. Changes to These Terms

Datapoolwaters may revise these Terms at any time. Updated versions will be posted on the Website, and continued use constitutes acceptance of the revised Terms.

16. Contact Information

For questions or comments regarding these Terms, please contact:

GOVERNANCE & POLICIES

Code of Ethics & Professional Conduct

Datapoolwaters Advisory Limited — Code of Ethics & Professional Conduct

• LAST REVIEWED · DECEMBER 2025

1. Purpose and Statement of Commitment

Datapoolwaters Advisory Limited (“Datapoolwaters”, “the Company”) is committed to the highest standards of professional integrity, ethical conduct, transparency, and accountability in all its activities. This Code of Ethics & Professional Conduct (“Code”) sets out the principles and standards that govern the conduct of Datapoolwaters' directors, officers, employees, consultants, and representatives in all jurisdictions where we operate.

The Code reflects the standards expected by:

- Development Finance Institutions (DFIs)
- Public sector counterparties and PPP authorities
- Institutional investors and donors
- Regulators and professional bodies

2. Scope of Application

This Code applies to:

- All directors and officers of Datapoolwaters
- All employees (permanent, temporary, and seconded)

- Consultants, advisors, and contractors
- Any individual or entity acting on behalf of Datapoolwaters

Compliance with this Code is a condition of engagement with the Company.

3. Core Ethical Principles

Datapoolwaters conducts its business in accordance with the following core principles:

- Integrity: Acting honestly, fairly, and consistently
- Objectivity: Exercising independent judgment free from undue influence
- Professional Competence: Delivering services with due care, skill, and diligence
- Confidentiality: Protecting sensitive and proprietary information
- Accountability: Taking responsibility for actions and decisions

4. Compliance with Laws and Regulations

All persons subject to this Code must comply with:

- Applicable laws and regulations in Nigeria and other jurisdictions of operation
- Regulatory requirements applicable to financial advisory, consulting, and public sector engagements
- Anti-corruption, anti-money laundering, and counter-terrorism financing laws
- Applicable PPP, procurement, and public sector governance frameworks

Where laws differ across jurisdictions, the higher ethical or compliance standard shall apply.

5. Conflicts of Interest

All actual, potential, or perceived conflicts of interest must be:

- Promptly disclosed to management
- Managed transparently and appropriately

- Avoided where they cannot be adequately mitigated

Examples of conflicts include:

- Financial interests in a client or counterparty
- Personal or family relationships that may influence judgment
- Concurrent engagements that impair independence

Failure to disclose conflicts may result in disciplinary action.

6. Anti-Bribery and Anti-Corruption

Datapoolwaters maintains zero tolerance for bribery, corruption, facilitation payments, or improper inducements. No person acting on behalf of Datapoolwaters shall:

- Offer, promise, give, or accept bribes or kickbacks
- Provide improper gifts, hospitality, or favors
- Influence public officials or counterparties improperly

This applies to dealings with:

- Government officials
- Public institutions
- Private sector entities
- DFIs and multilateral organizations

7. Confidentiality and Information Security

All confidential, proprietary, or non-public information relating to:

- Clients
- Transactions
- Government engagements
- Internal operations

must be protected and used only for legitimate business purposes. Confidentiality obligations continue after termination of employment or engagement.

8. Professional Independence and Objectivity

Datapoolwaters maintains independence in its advice and analysis. All professionals must:

- Avoid undue influence from clients or third parties
- Base advice on sound analysis and professional judgment
- Disclose limitations, assumptions, and risks transparently

9. Fair Dealing and Respect in the Workplace

Datapoolwaters is committed to:

- Equal opportunity and non-discrimination
- Respectful, inclusive, and harassment-free workplaces
- Merit-based recruitment and advancement

Discrimination, harassment, or abusive conduct will not be tolerated.

10. Responsible Engagement with Governments and PPPs

When working with governments, public agencies, and PPP projects, Datapoolwaters commits to:

- Transparency and accountability
- Compliance with procurement and PPP rules
- Ethical engagement with public officials
- Avoidance of conflicts and undue influence

11. Reporting Misconduct and Whistleblowing

All persons covered by this Code are required to report:

- Suspected unethical conduct
- Legal or regulatory breaches
- Violations of this Code

Reports may be made to management without fear of retaliation. Datapoolwaters prohibits retaliation against whistleblowers acting in good faith.

12. Consequences of Non-Compliance

Violations of this Code may result in:

- Disciplinary action, up to and including termination
- Contract termination for consultants or partners
- Reporting to regulators or authorities where required

13. Training and Awareness

Datapoolwaters commits to:

- Communicating this Code to all covered persons
- Periodic training and awareness
- Ongoing reinforcement of ethical standards

14. Monitoring and Review

This Code is reviewed periodically to ensure continued relevance, effectiveness, and alignment with best practices, regulatory developments, and institutional expectations.

15. Commitment Statement

Datapoolwaters Advisory Limited affirms its commitment to conducting business with integrity, professionalism, and responsibility, contributing positively to economic development, public trust, and sustainable growth across Africa.

GOVERNANCE & POLICIES

Anti-Trafficking & Modern Slavery Policy

Datapoolwaters Advisory Limited — Anti-Trafficking & Modern Slavery Policy

• LAST REVIEWED · DECEMBER 2025

1. Policy Statement

Datapoolwaters Advisory Limited (“Datapoolwaters”, “the Company”) has zero tolerance for human trafficking, forced labour, modern slavery, or any form of exploitation. We are committed to conducting business ethically, responsibly, and in a manner that respects the dignity, freedom, and human rights of all individuals with whom we engage, including employees, consultants, clients, partners, and suppliers.

This policy reflects Datapoolwaters' commitment to international best practices and the standards expected by development finance institutions (DFIs), public-private partnerships (PPPs), governments, and institutional investors.

2. Scope of Application

This Policy applies to:

- All Datapoolwaters employees and directors
- Consultants, contractors, and temporary staff
- Business partners, vendors, and suppliers
- Sub-contractors and third parties acting on behalf of Datapoolwaters

Compliance with this Policy is a condition of engagement with Datapoolwaters.

3. Legal and Regulatory Alignment

This Policy is aligned with, and informed by:

- Trafficking in Persons (Prohibition) Enforcement and Administration Act (TIPPEA), Nigeria
- Labour Act of the Federal Republic of Nigeria
- UK Modern Slavery Act 2015 (as an international best-practice reference)
- International Labour Organization (ILO) Conventions
- Applicable labour and human rights laws in jurisdictions where Datapoolwaters operates

Where local laws differ, Datapoolwaters applies the higher standard of protection.

4. Definition of Human Trafficking and Modern Slavery

Human trafficking and modern slavery include, but are not limited to:

- Forced, bonded, or compulsory labour
- Human trafficking for labour or sexual exploitation
- Securing services through force, coercion, deception, or abuse of power
- Restricting freedom of movement or withholding wages
- Retention, confiscation, or destruction of identity documents
- Deceptive or fraudulent recruitment practices

5. Prohibited Practices

Datapoolwaters strictly prohibits:

- Any form of human trafficking or forced labour
- Charging recruitment or placement fees to workers
- Use of deceptive recruitment or employment practices

- Retention of passports, identity documents, or work permits
- Threats, intimidation, or coercion of workers
- Unsafe or unlawful working or housing conditions

6. Risk Assessment

As a professional services and financial advisory firm, Datapoolwaters assesses its inherent risk exposure to trafficking and forced labour as low. Notwithstanding this assessment, Datapoolwaters maintains preventative controls, including:

- Ethical supplier and partner screening
- Contractual compliance clauses
- Ongoing internal awareness and oversight

7. Recruitment and Employment Practices

Datapoolwaters commits to:

- Transparent and lawful recruitment processes
- Compliance with local labour laws
- Prohibition of recruitment fees
- Clear communication of employment terms
- Fair and timely payment of wages

Where third-party recruiters are used, Datapoolwaters requires demonstrable compliance with this Policy.

8. Supply Chain and Third-Party Due Diligence

Datapoolwaters expects all suppliers, partners, and contractors to:

- Uphold equivalent anti-trafficking and labour standards
- Comply with applicable labour and human rights laws

- Cooperate with due diligence and compliance checks

Contracts may be terminated where violations are identified.

9. Reporting and Whistleblowing

All employees and third parties are required to report any suspected or actual violations of this Policy immediately. Reports may be made:

- To management or a designated compliance officer
- Without fear of retaliation or adverse treatment

Datapoolwaters will investigate all credible allegations promptly and confidentially.

10. Consequences of Non-Compliance

Violations of this Policy may result in:

- Disciplinary action, up to and including termination of employment
- Immediate termination of contracts with suppliers or partners
- Referral to relevant regulatory or law enforcement authorities

11. Training and Awareness

Datapoolwaters commits to:

- Periodic awareness and training for employees
- Policy reviews in line with regulatory and operational changes
- Continuous improvement of safeguards and controls

12. Monitoring and Review

This Policy is reviewed periodically by Datapoolwaters' management to ensure continued effectiveness and alignment with evolving legal and institutional standards.

13. Commitment Statement

Datapoolwaters Advisory Limited affirms its commitment to ethical business conduct, human dignity, and responsible investment practices across all its operations.

GOVERNANCE & POLICIES

Whistleblowing Policy

Datapoolwaters Advisory Limited — Whistleblowing Policy

• LAST REVIEWED · DECEMBER 2025

1. Purpose and Policy Statement

Datapoolwaters Advisory Limited (“Datapoolwaters”, “the Company”) is committed to the highest standards of integrity, transparency, accountability, and ethical conduct. This Whistleblowing Policy establishes a framework through which employees and other stakeholders can safely report concerns about wrongdoing, misconduct, or unethical behaviour without fear of retaliation.

The policy reflects international best practices and the expectations of Development Finance Institutions (DFIs), public sector counterparties, PPP authorities, and institutional investors.

2. Scope of Application

This Policy applies to:

- All Datapoolwaters employees and directors
- Consultants, contractors, and advisors
- Business partners, suppliers, and service providers
- Any individual acting on behalf of Datapoolwaters

The Policy covers concerns arising in Nigeria and all jurisdictions where Datapoolwaters operates.

3. Reportable Concerns

Whistleblowing disclosures may include, but are not limited to, concerns relating to:

- Fraud, theft, or financial mismanagement
- Bribery, corruption, or facilitation payments
- Breach of laws, regulations, or regulatory obligations
- Violations of Datapoolwaters' Code of Ethics or internal policies
- Conflicts of interest not properly disclosed
- Abuse of authority or unethical conduct
- Human trafficking, forced labour, or labour rights violations
- Health, safety, or environmental misconduct
- Deliberate concealment of any of the above

This Policy is not intended to replace normal management channels for routine workplace grievances, which should be addressed through appropriate internal procedures.

4. Principles Governing Whistleblowing

Datapoolwaters' whistleblowing framework is guided by the following principles:

- Confidentiality: All disclosures will be handled discreetly and confidentially
- Protection: Whistleblowers acting in good faith are protected from retaliation
- Impartiality: All reports will be assessed objectively and independently
- Accountability: Substantiated misconduct will be addressed promptly and appropriately

5. Reporting Channels

Concerns may be reported through any of the following channels:

- Directly to senior management
- To a designated compliance or governance lead
- Via confidential written communication (email or letter)

Reports may be made anonymously, where permitted by law.

Designated reporting contact

✉ advisory@datapoolwaters.com

6. Confidentiality and Anonymity

Datapoolwaters will:

- Take all reasonable steps to protect the identity of the whistleblower
- Limit disclosure of information to those with a legitimate need to know

Anonymity may limit the Company's ability to investigate thoroughly, but all reports will still be assessed seriously.

7. Protection Against Retaliation

Datapoolwaters strictly prohibits retaliation against any individual who, in good faith:

- Raises a concern
- Assists in an investigation
- Refuses to participate in wrongdoing

Retaliation includes dismissal, demotion, harassment, intimidation, discrimination, or any form of adverse treatment. Any retaliation will itself be treated as a serious disciplinary matter.

8. Responsibilities of Whistleblowers

Whistleblowers are expected to:

- Act in good faith
- Provide information that is honest and reasonably believed to be true
- Avoid malicious, frivolous, or knowingly false allegations

Deliberately false or malicious reports may result in disciplinary action.

9. Investigation Process

Upon receipt of a whistleblowing report:

- The concern will be acknowledged where practicable
- An initial assessment will be conducted to determine scope and credibility
- An investigation will be initiated where warranted
- Appropriate corrective or disciplinary action will be taken if allegations are substantiated

Investigations will be conducted fairly, promptly, and confidentially.

10. Outcomes and Corrective Action

Where wrongdoing is confirmed, Datapoolwaters may take actions including:

- Disciplinary measures (up to termination)
- Contract termination with third parties
- Reporting to regulators or law enforcement where legally required
- Process, control, or policy improvements

11. Record Keeping

All whistleblowing reports and investigations will be documented and retained in accordance with applicable laws and Datapoolwaters' data protection and retention policies.

12. Alignment with Laws and Standards

This Policy is aligned with:

- Applicable Nigerian laws and regulations
- International governance and compliance best practices
- DFI integrity, anti-corruption, and governance standards
- Public sector and PPP governance frameworks

13. Training and Awareness

Datapoolwaters commits to:

- Communicating this Policy to relevant stakeholders
- Promoting awareness of reporting channels
- Reinforcing a culture of ethical responsibility

14. Review of the Policy

This Policy shall be reviewed periodically to ensure continued effectiveness, relevance, and compliance with evolving regulatory and institutional standards.

15. Commitment Statement

Datapoolwaters Advisory Limited affirms its commitment to fostering a culture where ethical concerns can be raised openly, responsibly, and without fear, in support of transparency, accountability, and sustainable value creation.
